

# 2008 Varsity Triathlon Report

Congrats again to everyone who raced or cheered on Saturday at Blenheim - my throat is still sore. It was a fantastic day out and Oxford athletes put in some stellar performances.

Special congratulations if that was your first tri or your first open water race. Last week I spoke about "smashing the tabs" and "kicking the tabs into oblivion"... which sort of happened. Our women crushed the competition once again, retaining the varsity trophy (after the organizers lost it for awhile). Our men were valiant, handsome, and damn fast ... but like 2007 we came up short in the team results because of an elite performance by Cambridge athlete and neo-pro James Third.

Next year we will take both trophies!!!
